## **Safety Precautions**

### Before installing this product

- 1. Use this unit with a 12-volt battery and negative grounding only. Failure to do so May result in a fire or malfunction.
- 2. To avoid shorts in the electrical system, be sure to disconnect the (-) battery cable Before installation.

### **Important Safety Information**

### WARNING

- 1. Do not attempt to install or service this product by yourself. Installation or servicing of this product by persons without training and experience in electronic equipment and automotive accessories may be dangerous and could expose you to the risk of electric shock, injury or other hazards.
- 2. Do not allow this product to come into contact with liquids. Electrical shock could result. Besides, damage to the product, smoke and overheating could result from contact with liquids.
- 3. If liquid or foreign matter should get inside this product, please park your vehicle in a safe place, turn the ignition switch off(ACC OFF) immediately and consult your dealer. Do not use this product in this condition because doing so may result in a fire, electric shock or other failure.
- 4. If you notice smoke, a strange noise or odor from this product, or any other abnormal signs on the screen, please turn off the power immediately and consult your dealer. Using this product in this condition may result in permanent damage to the system.
- 5. Do not disassemble or modify this product, as there are high-voltage components Inside which may Cause an electric Shock. Be Sure to Consult your dealer for internal Inspection, adjustments or repairs.

# Before using this product, be sure to read and fully understand the following safety information:

- 1. Do not operate this product, any applications, or the rearview camera option (if purchased), if doing so, it will divert your attention in any way from the safe operation or your vehicle. Please do always observe safe driving rules and follow all existing traffic regulations. If you experience difficulty in operating this product or reading the display, please park your vehicle in a safe location and apply the parking brake before making the necessary adjustments.
- 2. Never set the volume of this product so high that you cannot hear outside traffic and emergency vehicles.
- 3. To promote safety, certain functions are disabled unless the vehicle is stopped or the parking brake is applied.

- 4. Keep this manual handy as a reference for operating procedures and safety information.
- 5. Do not install this unit where it may(i) obstruct the driver's vision, (ii) impair the performance of any of the vehicle's operating systems or safety features, including air bags or hazard lamp buttons or (iii) impair the driver's ability to safely operate the vehicle.
- 6. Please remember to fasten your seat belt at all times while operating your vehicle. If you are ever in an accident, your injuries can be considerably more severe if your seat belt is not properly buckled.
- 7. Never use headphones while driving.

### **To Ensure Safe Driving**

### **WARNING**

- 1. Light green lead at power connector is designed to detect parked status and must be connected to the power supply side of the parking brake switch. Improper connection or use of this lead may violate applicable law and may result in serious injury or damage.
- 2. Do not take any steps to tamper with or disable the parking brake interlock system which is in place for your protection. Tampering with or disabling the parking brake interlock system could result in serious injury or death.
- 3. To avoid the risk of damage and injury and the potential violation of applicable laws, this product is not for use with a video image that is visible to the driver.
- 4. In some countries, the viewing of video image on a display inside a vehicle even by persons other than the driver may be illegal. Please pay attention to where such regulations are applied and obey them.

If you attempt to watch video image while driving, the warning "Viewing of front seat video source while driving is strictly prohibited." will appear on the screen. To watch video image on this display, please stop the vehicle in a safe place and apply the parking brake. Besides, please keep the brake pedal pushed down before releasing the parking brake.

### **To Avoid Battery Exhaustion**

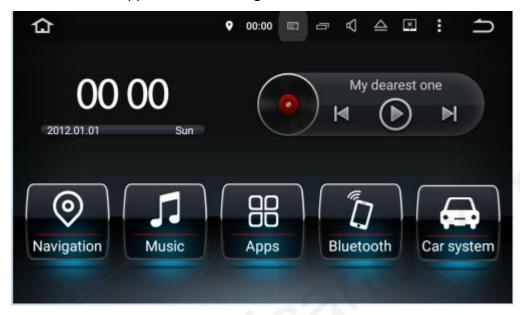

Be sure to run the vehicle engine while using this product. Using this product without running the engine can drain the battery.

Reason: no CPS signal, or the GPS antenna plug-in trouble

Solution :move the location, or replace the GPS antenna.or plug-in again

10.Question:can't play the CD

Reason: forgot put into the CD inside

Solution: put into the CD

### **Care and Maintenance**

The car entertainment & navigation systems need to be operated carefully, considering its excellent design and technology. The following suggestions will help you to fulfill the obligation of warranty terms and conditions.

- 1. Keep all the parts, accessories of the care entertainment& navigation systems away from the children.
- 2. Please keep dry. The rainwater, moisture and other kinds of liquid may contain mineral substance, which will corrode the electronic circuits. The soaking or moisture will ruin the components, cause irreparable damage.
- 3. Do not use or put the head units in the dusty or smudgy place, which may damage its detachable elements.
- 4. Keep the head units away from the extremely hot place. The high temperature will shorten the acceptable life, damage the battery, deform or melt the plastic parts.
- 5. Keep the head units away from the extremely cold place. Otherwise the temperature increment may accumulate moisture inside, which will damage the circuit board.
- 6. Please do not throw, knock or shock the machine with great force, otherwise it may be ruined.
- 7. Do not attempt to destructuralize the machine, this will damage it, especially to the non—professionals.
- 8. Do not use the strong chemicals, detergent or strong abluent to wash the machine.

- 9. keep away the electromagnetic, radioactive or magnetic equipment when use the machine or store it.
- 10. When wipe the screen, use the soft and clean cloth, ordinary paper is not recommended.
- 11. The LCD screen is scraped easily. please use the touch pen when operate. To avoid the damage on the screen, other sharp objects are not recommended.

Address: Room 202, 2nd Floor, Building 22, Ma'anshan Second Industrial Zone,

Baoan District, Shenzhen City, Guangdong Province, China.
