2003-2009 Kia spectra car radio installation guide

1. The original car radio.

2. Pry around the edges of the panel with a lever, and then remove the panel with your hands.

3. Disconnect all the connectors at the back of the panel.

4. Unscrew four screws holding the original radio in place with a screwdriver.

5. Take the original radio out of the dash.

6. Disconnect the connectors at the back of the original radio.

7. Check all the accessories for the new Seicane car radio.

8. Connect the harnesses to the back of the new Seicane car radio.

9. Connect the Seicane car radio to your original car radio 's plugs.

10. Turn on the new Seicane radio to have a careful check if everything works well. If it doesn't, please check whether all the cables are connected correctly.

11. Put the new Seicane radio into the dash.

12. Put everything into their original place.

Please note:

We suggest you arrange a professional to install it. If you have any questions about installation, please send us photos about your original car's plugs, we can make a wiring diagram for your car.
